SCHOOL HOUSES ARE BEING BUILT

Modern Structures in Process
of Erection at Los Candelarias
and at Loudon's Ranch,
South of City.

Construction is well under way at
Los Candelarias and at Loudon's
ranch on two new modern school
houses. There has formerly been a
school house at Candelarias, but it
was getting old and in poor condition
so the new one was ordered built. It
is of stone.

The one at Loudon's is the first in the neighborhood, although
the school has been held in other structures before. It is of cement blocks.

Both will be of the best construction,
embodiment all that is best and
most up to date in ventilation and
lighting. The plans were taken by
Superintendent Strong from the school
sent out by the territorial educational
office.
